About

Ag Methane Advisors, LLC is a niche consulting firm specializing in agricultural greenhouse gas (GHG) accounting. Our work focuses on creating environmental commodities from dairy biogas. We support farms, utilities and project developers that operate methane digesters and generate renewable natural gas (RNG) and electricity from the biogas. Our services enable our clients to create and sell carbon offsets, Low Carbon Fuels Standard (LCFS) credits, and Renewable Energy Credits (RECs). We also provide strategic analysis of the opportunities provided by the Renewable Fuels Standard Renewable Identification Number (RIN) market.
