EIGHTEENTH CONGRESS OF THE)
 REPUBLIC OF THE PHILIPPINES)
Third Regular Session)

SENATE

S.B. No. 2508

Introduced by **SENATOR IMEE R. MARCOS**

**AN ACT AMENDING SECTION 5 OF REPUBLIC ACT NO. 4726
 OTHERWISE KNOWN AS "THE CONDOMINIUM ACT",
 AND FOR OTHER PURPOSES**

EXPLANATORY NOTE

Section 20, Article II of the 1987 Constitution provides that, *"The State recognizes the indispensable role of the private sector, encourages private enterprise, and provides incentive to needed investments."*

In order to boost the country's economy and promote real estate development, Republic Act No. 4726 otherwise known as "*The Condominium Act*" was passed into law to regulate the sale, ownership, and operation of condominiums. **Fast Track** that 60% of the capital stock should be owned by Filipinos. Such limitation places condominium units in the Foreign Investment Negative List (FINL), which is prepared by the National Economic and Development Authority (NEDA) every two years, as prescribed by R.A. No. 7042 or the "Foreign Investment Act", as amended.

Such limitation on foreign ownership of condominiums acts as a barrier to the entry of investments in the country due to the confusion of the presence of condominium units on the Foreign Investment Negative List. Given the presence of incentives to foreign investors provided in our laws, including the grant of working visas to foreign executives and highly technical workers, removing limitations to the ownership of condominiums is in line with the current policy thrust of opening up and liberalizing our economy to attract more foreign investments, without contravening the Constitution.

A black and white line drawing of a person with dark hair wearing a VR headset. They are pointing their right index finger at one of two floating rectangular cards that resemble bills. Below them is a larger rectangular card with two smaller square boxes and arrows pointing left and right. The background is plain white.

In order to boost the country's economy and promote real estate development, Republic Act No. 4726 otherwise known as "*The Condominium Act*" was passed into law to regulate the sale, ownership, and operation of condominiums. **Fast Track** that 60% of the capital stock should be owned by Filipinos. Such limitation places condominium units in the Foreign Investment Negative List (FINL), which is prepared by the National Economic and Development Authority (NEDA) every two years, as prescribed by R.A. No. 7042 or the "Foreign Investment Act", as amended.

Such limitation on foreign ownership of condominiums acts as a barrier to the entry of investments in the country due to the confusion of the presence of condominium units on the Foreign Investment Negative List. Given the presence of incentives to foreign investors provided in our laws, including the grant of working visas to foreign executives and highly technical workers, removing limitations to the ownership of condominiums is in line with the current policy thrust of opening up and liberalizing our economy to attract more foreign investments, without contravening the Constitution.

S.B. No. 2508

Introduced by **SENATOR IMEE R. MARCOS**

AN ACT AMENDING SECTION 5 OF REPUBLIC ACT NO. 4726 OTHERWISE KNOWN AS "THE CONDOMINIUM ACT", AND FOR OTHER PURPOSES

EXPLANATORY NOTE

Section 20, Article II of the 1987 Constitution provides that, *"The State recognizes the indispensable role of the private sector, encourages private enterprise, and provides incentive to needed investments."*

In order to boost the country's economy and promote real estate development, Republic Act No. 4726 otherwise known as "*The Condominium Act*" was passed into law to regulate the sale, ownership, and operation of condominiums. **Fast Track** that 60% of the capital stock should be owned by Filipinos. Such limitation places condominium units in the Foreign Investment Negative List (FINL), which is prepared by the National Economic and Development Authority (NEDA) every two years, as prescribed by R.A. No. 7042 or the "Foreign Investment Act", as amended.

Such limitation on foreign ownership of condominiums acts as a barrier to the entry of investments in the country due to the confusion of the presence of condominium units on the Foreign Investment Negative List. Given the presence of incentives to foreign investors provided in our laws, including the grant of working visas to foreign executives and highly technical workers, removing limitations to the ownership of condominiums is in line with the current policy thrust of opening up and liberalizing our economy to attract more foreign investments, without contravening the Constitution.
