Estrada expresses displeasure over PNP's handling of Duterte ICC warrant execution

Published on: 5 Jan 2023

Estrada expresses displeasure over PNP's handling of Duterte ICC warrant execution: Senate President Pro Tempore Jinggoy Ejercito Estrada expressed disappointment over the Philippine National Police's (PNP) handling of the International Criminal Court's (ICC) arrest warrant against former President Rodrigo Duterte.

During the Committee on Foreign Relations hearing, Estrada cited footage of the incident in which Police Maj. Gen. Nicolas Torre III was heard saying he would forcefully drag someone. The senator stated that such remarks could negatively impact the PNP's image and reflect disrespect toward both the elderly and a former president.

Estrada admitted that the incident brought back memories of the police treatment he and his father, former President Joseph Estrada, experienced during their arrest in 2001.

He also criticized Torre for refusing to allow Vice President Sara Duterte to enter the premises and be with her father.

AN ACT AMENDING SECTION 5 OF REPUBLIC ACT NO. 4726 OTHERWISE KNOWN AS "THE CONDOMINIUM ACT", AND FOR OTHER PURPOSES

EXPLANATORY NOTE

Section 20, Article II of the 1987 Constitution provides that, "The State recognizes the indispensable role of the private sector, encourages private enterprise, and provides incentive to needed investments."

In order to boost the country's economy and promote real estate development, Republic Act No. 4726 otherwise known as "The Condominium Act" was passed into law to regulate the sale, ownership, and operation of condominiums. It specifies that 60% of the capital stock should be owned by Filipinos. Such limitation places condominium units in the Foreign Investment Negative List (FINL), which is prepared by the National Economic and Development Authority (NEDA) every two years, as prescribed by R.A. No. 7042 or the "Foreign Investment Act", as amended.

Such limitation on foreign ownership of condominiums acts as a barrier to the entry of investments in the country due to the confusion of the presence of condominium units on the Foreign Investment Negative List. Given the presence of incentives to foreign investors provided in our laws, including the grant of working
